

Materials and Information

yarn in red, a little bit in green and black
 (for a change use alternatively orange, salmon, yellow, white, ...)
 hook size according to yarn
With cotton yarn and a 3mm hook the flower is approx. 6 - 7 cm in diameter.

Abbreviations (US terminology used)

st (stitch), ch (chain), slst (slip stitch), sc (single crochet), tr (treble crochet),
 flo (front loop only), blo (back loop only)

Change of colors: instead of knotting and weaving in the tails pull them straight, place them left of the hook on the previous round and go on crocheting the next round

Pattern

R1+2: it's not necessary to close the round with a slst, but if you like ...

R1: green, sc8 in magic ring, fasten off, maybe you want to leave the tail of the magic ring for the stalk, make a knot at the end

R2: black, sc2 in each st, fasten off (16)

R3: red, **2 inner petals, flo:**

ch3 + tr in 1. st, make 2 tr in each of next 7 sts, tr + ch3 + slst + ch3 + tr in next st, make 2 tr in each of next 7 sts, tr + ch3 + slst in first st of round, fasten off

R4: **3 outer petals, blo:** start where you want, but not exactly where the 2 petals meet:
 (sc1, sc2) repeat till end of R, slst1 in first st of **R4** (24)

R5: ch3 + tr in 1. st, (make 2 tr in each of next 7 sts, tr + ch3 + slst + ch3 + tr in next st) x2,
 make 2 tr in each of next 7 sts, tr + ch3 + slst in first st of **R5**, fasten off, weave in ends

You missed a stitch or loop? You will hardly notice when the flower is finished.
 In nature there is no flower exactly like the other. :)
